

Stacey Weston

I became a parent governor in May 2015, with a 4 year term. I currently have a daughter in nursery. My son has just moved to the feeder junior school and it was throughout his time at Banks Road that I fell in love with the school. This admiration and passion for education drew me to apply for this post. I am currently responsible for Spiritual, Moral, Social and Cultural aspects, along with MBV (Modern British Values) and RRSA (Rights Respecting School Award). I currently attend both sub- committee meetings (Pupil and Personnel and Finance and Strategic Development) which allows for me to gain a good overview and overall understanding of the school. I am thoroughly enjoying being a governor and am honoured to be part of a brilliant team.

I have no business interests other than those associated with the school.
