

Lee Corbett

I became a governor in 2021

For me it was an easy decision after I personally saw the hard work and total dedication of the teachers and indeed all staff towards my daughter and every child, this inspired me to give back and support the school and help drive local businesses to support too.

I have over 25 years experience of working with some of Europe's leading professional businesses at Board level which enables me to support Strategic planning, complex problem solving, Financial planning & budget control, learning & development, Human Resources and more. I have no business interests which could conflict with the school.

I have shared visions & values with the school and I look forward to supporting

"A Home for Learning, Laughing, Caring and Trying"
